Manchester Bureau, Richmond Times, 1112 Hull street, Beattle Block.

Last night in the basement of the Centrai Methodist church a most business-like and enthusiastic meeting was held of its members, to discuss and formulate plans for raising the money with which to build the new church.

Mr. J. R. Perdue, chairman of the Bullding Committee, made a sensible talk in which he strongly advocated organization and systematic plans by which to work. It was stated that up to the present time \$6,887 had been subscribed, which is a most encouraging showing.

Mr. R. D. Walker, the contractor, was present and opened the plans for the new building, with which all present were most highly pieased. Mr. W. H. Owens also made a strong talk. Mr. Shot made a motion that a committee he appointed to form a plan for regularly collecting the subscriptions. It was carried. It was the

After the driver was thrown the forses went some distance without doing dam.

After the driver was thrown the horses went some distance without doing damage until they struck a tree, where they separated breaking the harness and smashing the wagon. One of the horses ran into an old open well near the oil plant and was not gotten out until late last night. He is practically ruined.

## WILL THE CITY HAVE A MORGUE?

Council Committee Not a Unit in Favor of Peerman Co.'s Petition.

REFERRED TO SUB-COMMITTEE

Coroner Taylor Thinks Plan a Good One-City Physicians May Be Required to Wear Uniform, Almshouse Statistics.

The petition of the Peerman Burial Company for permission to establish a morgue in Richmond, was the subject of interesting discussion at the regular monthly meeting of the Committee on Relief of the Poor, held at the City Almshouse at 8 o'clock last night. The petition was opposed by one or two members, and the fight over the question of consideration by the full committee or a sub-committee was decided in favor of those who favored the latter plan, the petition being referred to such committee. The question of uniforms for the city physicians was also a matter that provoked some debate. A lot of routine business was disposed of.

The members present were: Messrs. Cottrell (chairman), Drewry, Gunst. Hobson,
Smith, Snead, Teefey and Williams.

The superintendent of the Almishouse
submitted his report for the month of
August, showing that 213 persons were
sometimed into the institution during the mitted into the institution during th nth; 73 were discharged, and 13 died, that the number remaining August was 227, an increase over last year

In the hespital 76 patents were received, obscharged and 10 died. The number remaining August list was 60, an increase over last year of 3.

The pay-roll of the department, amounting to 889 and bills amounting to \$1,250,24, were audited and ordered to be paid.

THE PETITION DEBATED.

The petition of the Peerman Burial Company, which was referred by the Common Council September 4th, was then Company, which was referred by the common Council September 4th, was then taken up and considered. The proposition contained in the petition, the text of which was recently published in The Times, is to the effect that the said company agrees to take charge of the bodies of all white persons who die on the streets or elsewhere in the city, and are undertaking rooms and properly embalm independent of their property which is the content of their property which is not content. undertaking rooms and properly embalm and care for the same until friends of the deceased persons shall identify and claim the bodies. After the petition had been rad Mr. Gunst took the floor and sald that he considered the proposition a very liberal one out that it should not be acted upon hastly y and without mature consideration. He had been approached by several citizens, who did not approve of the plan. He, therefore moved, in order to hear from all interested, that the polition be referred to a sub-committee of five, with power to the consideration of the committee of five with power to the committee of the committee of five with power to the committee of the committee of five with power to the committee of the com to a sub-committee of five, with power to send for persons and papers, to inform thamselves fully of the plans of the company, and whose duty it shall be to report at the next meeting such recommendations as they deem proper and advisable. This motion was opposed by Mr. Williams, who said that he thought the matter of such great importance that it should be acted upon by the committee as a whole and without delay.

CORONER TAYLOR'S VIEWS.

Refore the motion was put, Coroner

William H. Taylor, who was present, was invited to address the committee. The Coroner said he was not present in the interest of the Peerman Burial Company, or any other undertaker, but inasmuch as the said company was the originator of the plan, and as he considered their proposition a very liberal one, he supposed the advantage was in their favor over others in the same line of business. The Coroner spoke at some length upon the need of some suitable place to remove the dead bodies of unidentified persons than the present miserable city sons than the present miserable city morgue, where no conveniences existed, and said that the only possible objection that might occur would be that other un-dertakers princh would

After some further discussion, the mo-tion as made by Mr. Gunst prevailed. UNIFORMS FOR PHYSICIANS.

UNIFORMS FOR PHYSICIANS.

Mr. Drewry stated that he had been requested to bring to the attention of the committee an application for uniforms for the resident physicians. This question provoked an animated discussion. It was said that the former City Attorney had given as his opinion that the committee had no right to purchase an ambulance outfit which consisted of apparel or uniforms for the young doctors, and this resulted in the abolition of the rule which had been so long in vogue.

and been so long in vogue.

Mr. Cotirell thought the young doctors should be required to wear uniforms, and several other members favored his suggestion. It was finally decided to recommend to the Council an amendment to the general rules, providing that the resident physicians shall wear suitable uniforms and several rules are suitable uniforms. and caps, with an emblem of a red cross thereon, the said uniforms to be supplied

That it was a well pleased gathering was manifested by the rounds of applause and roars of laughter that greeted the efforts of some of the stars of the yaudeville branch of the amusement furnishing profession.

Miss Ada Jones, a handsome young woman, sang very nicely several real new and catchy songs and was repeatedly encored. Then came James Gaylor and Tiny Graff, who presented an up-to-date comedy sketch that made them favorities. Both possess well-trained voices and the music they introduced was new. Mr. Gaylor unwound a crisp monologue that made hearty laughter and the act closed with a new comedy duet. Mr. Lee Carle, the famous change artist followed, and presented one of the test acts seen in Hichmond since vaudeville was introduced. He presented a one act drama and took the part of eight characters, and to do so had to make fully twenty complete change of costumes. He closed his act with a violin sole that called for an eneore. Mr. Carle's act was a great hit.

Sig Allinet's trio of performing monkeys closed the excellent entertainment with an exhibition of wonderful feats. One of the monkeys performed a number of real difficult feats in a trapeze, and caught and toosed a ball with his master a la Chesbro-Steelman.
